

BioINSouth

Supporting regional environmental sustainability assessment for the BIO-based sectors to improve Innovation, Industries and Inclusion in SOUTH Europe

BioINSouth.eu

#BioINSouth

OUR MISSION

The BioINSouth project supports decision-makers in integrating ecological limits into regional bioeconomy strategies, focusing on circular bio-based activities. Coordinated by SPRING cluster and co-funded by the EU and CBE JU, it brings together fifteen partners from nine countries towards forming engaged Multi-Actor Regional Groups from the QH, upon which eight Regional HUBs will be created for the promotion and implementation of circular bioeconomy principles.
